RESIDENTIAL SERVICE PLANS

**Meenan**

Your local home service experts.

**Choose which service plan is right for you, your budget and your home.**

## Platinum Plan

The most comprehensive Wrap Around Plan for repair and/or replacement of your heating system. **24 Hour Year Round Emergency Coverage for Full Service. Full piece of mind**, all the time. Agreement includes both our Gold and Silver Agreement along with all options. No Diagnostic Fees.

**Excludes domestic hot water coils, mobile home units, commercial application units, dry base boilers, steam boilers, below-ground heating piping & auxiliary air handlers/water to air coils.**

## Gold Plan

Our Gold Plan offers increased coverage for hydronic boilers, warm air furnaces and additional parts, with 24-hour emergency service and all other features of our Silver Plan. You also enjoy no diagnostic fees on covered repairs and get our 17-point heating equipment tune-up.\* Options include additional zone coverage, oil fired hot water heater or Aquabooster.

## Silver Plan

The Silver Plan provides 24-hour emergency service and gives you basic equipment parts coverage as well as a scheduled 17-point heating system tune-up.\* No diagnostic fees will be charged if the required services is covered under this agreement.

**Count on us for all of your heating oil service plan needs.**

We have three service plan options to cover oil heating systems, all designed to make sure that everything runs smoothly all year round, keep your equipment in peak condition, make sure that any repairs are done quickly and ensure that you don't have to deal with any unexpected costly expenses.

\*Scheduled tune-up available March 15th to October 15th. Available dates beyond October 15th are subject to weather conditions.

Platinum level coverage requires unit inspection and pre-approval by our technicians. Please call for Agreement Terms & Conditions for complete coverage details. Please call our office to schedule your tune-up between March 1st and October 15th. Available dates beyond October 15th are subject to weather conditions.

## Looking for even more coverage? We've got it.

These optional enhancements and additional agreements are available at an additional cost to your existing plan and are priced separately. They allow you to extend your coverage with more comprehensive protection and help you prepare for unexpected repair costs by allowing you to customize your protection to suit your needs.

### Option Descriptions

#### **A** Per Each Additional Zone

Circulator, Circulator Relay, Flow Valve, Thermostat (heat only) and Zone Valve

#### **N** 24/365 Day Coverage

Extends hours of service so that any services required beyond 8 AM to 6 PM Monday to Friday and Federal Holidays, are not subject to premium rates.

#### **H** Oil Fired Hot Water Heater or Aquabooster

*(repair/replace parts/system check) Excludes Storage Tank and Combustion Chamber replacement.*

#### **F** Radiant Floor Coil (original Levittown Homes excluding additions) Platinum Only

In the event the radiant floor coil fails, Meenan will provide a \$300 credit toward the purchase of new baseboard equipment. Equipment must be purchased and installed thru Meenan.

#### **S** Summer/Winter Warm Air Furnace Coverage

Standard blower motor up to 1/2 hp and Standard Air Conditioning Thermostat (heat/cool non programmable)

#### **X** Heating Boiler/Warm Air Furnace Replacement

(50% credit for Boilers and Furnaces, excludes Boilers over 2.5 GPH, Furnaces over 150,000 BTU and any furnace containing a Ducane company manufactured heat exchanger, where the equipment failure is related to the Exchanger). Modifications needed to accommodate new equipment, are not included. Replacement make and model to be selected by Meenan. Upgrades at an additional cost. Excludes permits, chimney inspections, and building code requirements. Customers who replace their equipment under this option must maintain the Platinum coverage for a term of one year from the replacement date in order to have labor covered in the event of a manufacturer warranty part failure or any other failures not related to the equipment installed. The discount under the Platinum agreement is not to be combined with any other discounts.

### Oil Tank Agreement

In the event of an oil tank failure, this separate agreement gives you an allowance of up to \$1,200 credit towards an underground replacement tank and a \$500 credit towards an above ground tank. Your allowance is payable as a reduction to our normal retail price for the model specified. Replacement must be performed by our company.

Subject to terms and conditions of the Tank Contract. Available to automatic delivery customers with Platinum, Gold or Silver service plans. Additional terms and restrictions apply. Please call for details.

### CARE Environmental Protection For Your Home

A fuel oil tank release is uncommon, but when it does happen clean up can be very expensive, often costing thousands of dollars and most homeowner insurance policies do not cover this type of expense. Our CARE plan provides up to \$100,000 for clean-up of an accidental release from your oil tank, lines or connected piping. This protection is available for above ground oil storage tanks. Limited customer cost share in the event of an accidental release. There is a separate program available for underground oil tanks. Underground tanks require testing. Please contact us for more information.

---

Unless multiple tanks are covered, only the tank closest to the heating unit is covered. Remediation of environmental damage due to uncontained fuel is not covered (Ask about our CARE program). Normal wear only. Excludes upgrades or defects caused by human error. Additional terms and restrictions apply. Please call for details.
